Subject: Maths

Name of Year 10 'Key Task'	Maths Class	'Key Task' Due Date
Circle Theorems & Circle Theorem proof	10W1	26 th April
Algebra		3 rd May
Rearranging		10 th May
Basic Trigonometry		7 th June
Pythagoras		21 st June
Averages		5 th July
Angles	10W2	27 th April
Indices, roots, reciprocal and standard form		11 th May
Algebra: Changing the subject		25 th May
Trigonometry		15 th June
Venn Diagrams		29 th June
Area and Volume		13 th July
Areas & circles	10W3 & 10R4	26 th April
Volumes of Cuboids & Prisms, Averages		3 rd May
Reflection, rotation, enlargements, translations		10 th May
Surface Area		7 th June
Revisit Probability & Stats		28 th June
Revisit Ratio & Proportion		5 th July
Angles	10R1	27 th April
Surds		16 th May
Algebra: Changing the subject		25 th May
Trigonometry		15 th June
Tree diagrams and probability		29 th June
Area and Volume		13 th July
Graphs 1 and 2	10R2	26 th April
Revisit Angles 1 and 2		3 rd May
Circle Theorems 1 and 2		10 th May
Rearranging		7 th June
Revisit Probability & Stats		28 th June
Revisit Surface Area & Volume		5 th July
Circles: Parts, Area, Circumference	10R3	26 th April
Volume of Prisms and Averages		3 rd May
Transformations		10 th May
Surface Area of cuboids and Triangular prisms		9 th June
Probability & Stats		28 th June
Simplify and Substitute		13 th July

Maths additional information

- Work is set on Maths Watch. All pupils have their own Maths Watch username and password. Pupils can access Maths Watch on all applications including mobile phones.
- All items of work are set a due date, but are not locked until September, allowing pupils to go back and complete any missing work.
- All tasks come with video clips pupils should be watching to help answer the questions.
- Teachers leave pupils feedback on Maths Watch allowing pupils to go back to correct their work. Pupils and teachers can have open dialogue via the feedback box.
- Pupils are given instructions via Foldr with additional websites to use to aid their progress.
