

## Year 7 Science Work for Monday 1<sup>st</sup> and Tuesday 2<sup>nd</sup> November 2021

---

Start by watching the following YouTube clips.

The first clip explains what global warming is. The second adds more detail and then gives some examples of how we can slow down global warming.

### Clip 1

<https://www.youtube.com/watch?v=YJrKgBUDGYc>

### Clip 2

<https://www.youtube.com/watch?v=5rFmYRXWVio>

If you're really interested and want a longer (10mins), more detailed clip:

<https://www.youtube.com/watch?v=wbR-5mHl6bo>

Now that you've got a few ideas about global warming answer the following questions:

What is global warming?

What will global warming do? Why is it so scary?

What should **we** do to try and stop global warming?
