## CELEBRATE THE CORONATION OF KING CHARLES III

It's over 70 years since our last monarch, Queen Elizabeth II, was crowned.

On 6 May 2023 it will be the Coronation in London of King Charles III.

Venerable Bede CE Academy will be marking this historic event by planting a tree in the autumn. A special plaque is to be installed next to the tree. **This is where you come in!**

Every student at each of Northern Lights Learning Trust's seven schools is invited to use the outline of King Charles' head, opposite, as a starting point for something creative. You could colour it in using pens or paint, or you could make a collage using pictures or fabric. Or you could write a poem, or compose a new piece of music with lyrics (we'll include a QR code on the plaque).

The best entry from each school, in the opinion of the judges, will have their work preserved for ever on a special plaque and there are prizes for the winners.

Please hand in your completed entry (with your name and age) to your form teacher by 9am on Wednesday 10 May.

**The tree next to this plaque has been planted to commemorate the Coronation of King Charles III**
